

PACKAGED UP

TOWARDS SUSTAINABLE PACKAGING

PACKAGING PRODUCT STEWARDSHIP SCHEME LAUNCH

22 APRIL 2010

Packaging Product Stewardship Scheme Launch

It's been 18 months in the making, but it's finally ready to be launched! Join us for a half-day seminar to learn all about the Packaging Council's new packaging product stewardship scheme:

- Scope of the scheme
- Scheme membership
- Key performance indicators
- Reporting requirements
- New Code of Practice for Packaging Design, Education & Procurement

The Packaging Council's brand new Code of Practice will be launched at this seminar. The Code is a cornerstone of the packaging product stewardship scheme and provides a comprehensive guide to packaging design, the environment and the law, helps guide material selection, provides guidance on further research opportunities and suggests measurement systems for continual improvement.

After the seminar, members of the Packaging Council will be available to answer any specific questions you may have on the scheme and the Code of Practice.
